Education

Institute of Engineering & Management (IEM), Kolkata B.Tech in Computer Science Engineering CGPA: 9.22 (Y1), 8.63 (Sem 3)	2024–2028
DAV Model School, Durgapur (CBSE) Class XII — 95%	2022
St. Michael's School, Durgapur (ICSE) Class X — 93%	2020

Publications / Intellectual Property

IoT-Based NPK and Humic Acid Sensor Device (Design Registration) Designed IoT-based soil monitoring system with Fusion 360 modeling and real-time nutrient tracking	2025
---	------

Projects

- **JAGROOK — Smart Tourist Safety System (SIH 2025)**
Blockchain-based ID, AI anomaly detection, geo-fencing, real-time monitoring
– Safety scoring, panic alerts, and authority dashboard with heatmaps
- **IBOT — Sumo Combat Robot**
Designed and built a sumobot “IBOT” with optimized mechanical structure and control system
– Led hardware integration, strategy, and performance tuning for competitive Robowars
- **Voice-Controlled Home Automation System**
Google Speech-to-Text based appliance control
– ESP32-driven switching for real-time automation

Experience

Study Abroad Programme — Singapore (NUS & Industry Exposure)	2025
• Completed 7-day program on AI, IoT, Machine Learning, and Data Analytics with case-based sessions • Visited NUS research laboratories studying photo-responsive molecules that change structure under specific light exposure • Explored industrial applications at Shimadzu (Asia Pacific), observing AI-enabled instruments for precision measurement and analytics	

Achievements

• ISEA Hackathon 2026 Joint First Prize (INR 2,00,000), ISI Kolkata	2026
• Winner, IdeaSprint 2026 (Converge - IEEE CS, IEM)	2026
• Winner, Robowars (IBOT), Innovacion 2025	2025
• 3rd Place, IEM-HEALS 2024 — Sustainable Bioplastics	2024

Technical Skills

Programming: **C, Java, Python**
Core CS: **Data Structures, OOP, Algorithms**
Technologies: **IoT, Web Development**
Tools / Platforms: **Linux, Arduino, ESP32, Fusion 360, Git, Docker**

Certifications

• Programming in Java — NPTEL Secured Topper status with 100%	2026
• Human Computer Interaction (In English) — NPTEL Achieved 95%	2026
